One of our attendees this year was journalist Mary Murphy, the wife of retired Transit Police officer, Tom Santino.

Mary spent 40 years reporting TV News in New York most recently on Wpix 11.

She just started her own website, www.marymurphyofficial.com , and she's breaking news about the Long Island Serial Killer case (Gilgo Beach).

She's also writing about other memorable cases she covered.

Please check out Mary's work and biography on her web page .
