Senator/Assemblyman/women

Address

Dear Senator/Assemblyman/women

I, a member of the New York City Retired Transit Police Officers' Association am respectfully seeking justice in support for Senate Bill S5872 and Assembly Bill A6988. These bills would correct the injustices to the Transit and Housing Police Variable Supplements Funds. We are referring to the renegeing of the agreement to equalize benefits as stated in Mayor Giuliani's press release #3210-94 (1994).

Further supporting documentation can be obtained from Senator Andrew Lanza and Assemblymen Joseph Lentol .

Thanking you in advance for your consideration given this matter . I do hope that you will render your support in making our forces whole again as per our collective bargaining agreements signed into law in July of 1987 by then Governor Mario Coumo.

Sincerely,
